Subject: MEDIA OWNERSHIP-FCC VOTE

Dear Secretary Dortch,

I, Liz McCaffrey, am very concerned about the vote that is taking place on June 2. From what I understand the FCC is considering giving more ownership to individual media companies, which would mean more monopolizing and less democracy. The media is already very bias, negative, and does not give a complete picture of different topics, especially political. Infact, people become depressed because of the bombardment of negativity. The media should really find a balance between positive and negative so we can feel some hope for the future. For this reason I am opposed to more ownership. I urge the FCC to really consider the moral implications, long term thinking and the average person when making decisions regarding any media issues so we don't lose the American hope and true democracy.

Thank you for hearing my voice. DEMORCRACY
